## Specifications

- **Housing:** 20-gauge cold rolled steel "hole-free" housing with lapped and welded seams. Flattened 1/2" knockouts in top and ends of housing. Optional 18-gauge stainless steel or 16-gauge aluminum housing available.
- **Door:** 18-gauge cold rolled steel door frame with concealed pins hinges. Optional 18-gauge brushed stainless steel or 16 gauge aluminum door available.
- **Lens:** Standard .125" thick clear prismatic acrylic with smooth side exposed to facilitate cleaning. Held with continuous formed channels for positive retention. Optional lensing shown below.
- **Gasket:** Closed cell neoprene sponge gasket between door and housing. Perimeter of endplates sealed with silicone caulking.
- **Door Latch Screws:** Standard captive slotted flush head screws to secure door.
- **Lamps:** See below for lamping options. Lamps supplied by others.
- **Ballasts:** Standard universal voltage 120V through 277V electronic 90% power factor <10% THD. Other ballast options available.
- **Finish:** Standard baked white polyester powder coat paint finish. Optional AgION™ antimicrobial finish available.
- **Mounting:** Cross mounting channels supplied. Support above plenum by others. Optional plaster frame available.
